

19" FRONT FENDERS | FOR DYNA, SPORTSTER, FXR AND MORE

While it's important in any industry to lead with innovative designs and ideas, there are certain styles that are timeless trends. Brian Klock's love for FXRs goes way back to his first Harley (a 1986 FXR) and his first kustom (a 1990 FXRP). So as Klock Werks develops new parts, from our Flare™ Windshield for FXRP, to our club style KlipSplitter Handlebars and now, 19" stamped steel fenders, we feel that this trend never really went out of style.

ALSO AVAILABLE FOR DYNA, SPORTSTER, AND FXR

FLARE™ FOR FXRP

FOR USE ON FXRP STYLE FAIRINGS WITH STANDARD BOLT PATTERN

Klock Werks new lower, tighter fitting Flare™ Windshield is now available to FXR Fans that are utilizing the FXRP Style Fairings currently on the market! The Flare™ Windshield not only enhances the lines of this style fairing perfectly, it performs even better.

Not only does the Flare™ Windshield look great, it performs even better. Our innovative design features “hips” at the outer edge of the shield that re-route the air to add downforce and aid stability. The “flip” at the top sends clean, less turbulent air to rider and passenger. Made from hard-coated polycarbonate for outstanding impact strength, and available in a variety of heights and colors for many models.

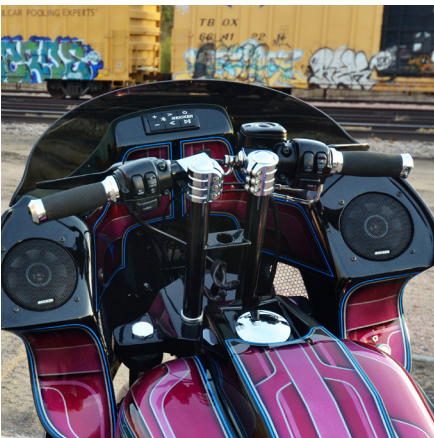

IOMOUNT CENTER RISER MOUNT

FOR MOST HD '84+ MODELS WITH 3.5" CENTER TO CENTER RISER

Klock Werks has designed easy to install, motorcycle model specific mounts that incorporate the iOmounts™ system! You simply install the mount to your bike with included hardware, attach the razor-thin iOadapt stainless steel adaptor to your device, and instantly connect to the powerful iOcore magnetic carrier. No special case needed!

It's a simple, secure, universal system, and when you're done riding, remove your device and connect seamlessly to other Klock Werks powered by iOmounts™ products, including device mounts for your quad, dirt bike, car, home, office and more! Enjoy infinite rotational adjustment, sleek modern design, and it's forward compatible. If you upgrade to a new phone or GPS, you don't have to buy a new mounting system! Plus you can purchase additional iOadapt disks to use multiple devices on the same mount. It's quite possibly the best device mounting system on the market.

KLIPSPLITTERS

FOR HD DYNA, FXR, SPORTSTER AND ANY HD EXCEPT THOSE WITH A FAIRING, SPRINGER FRONT FORKS OR NACELLE, AND CUSTOM APPLICATIONS

Klock Werks new Klip Splitter Handlebars offer riders the ultimate in rider comfort and adjustability, now in a high-rise, T-bar “Club Bike” style! The unique “klamps” on Klock Werks Klip Splitters allow the control/grip portions of the handlebar to be adjusted, allowing the rider to position wrists exactly where he/she wants them. The style has been around for a while, but is now popular in the mainstream and Klock Werks is happy to offer options that also provide modern function!

1" KLIP HANGERS

FOR HD DYNA, FXR, SPORTSTER AND ANY HD WITH 1" CLAMP AREA EXCEPT THOSE WITH A FAIRING

The ultimate in rider comfort and adjustability, now for your Dyna, FXR Sportster and more! The unique “klamps” on Klock Werks KlipHanger Handlebars allow the control/grip portions of the handlebar to be adjusted allowing the rider to position wrists exactly where they want them. The gentle bend in the bars allow for some pullback – bringing the bar back closer to the rider if desired.

Bars are offered in two heights (5" and 10") to fit a wide range of preferred riding positions. KlipHangers truly are the ultimate in personal choice!
