

## THE ONE REAR FENDER

Klock Werks stamped steel rear fender with integrated bag/fender filler panels is "THE ONE" you've been waiting for! The one piece combination eliminates the need for separate rear fender and filler pieces, making installation simple while offering a seamless, smooth rear option for your bike.

THE ONE offers perfect spacing, lining up with 09+ rear top strut covers, and can be used with stretched or stock length bags. Integrated filler panels are 100% MIG welded to the fender. THE ONE accepts all stock detachable mounting hardware/brackets and comes pre-drilled with mounting holes.
