

## 2010+ FLARE™ FOR VICTORY

The Victory Low windshield from Klock Werks was meant to be the lowest possible option with the same great air management that Klock Werks is known for. It was developed as a superior replacement for the Magnum Victory model, but can also be used on the Cross Country and Cross Country Tour. It's instant appeal is the eye-catching shape while the patented flip and hips create a comfortable air pocket for the rider.

2010-2016 CROSS COUNTRY | CROSS COUNTRY TOUR | MAGNUM
