

FLARE™ NUTS FOR 98-13 FLTR

Years of Road Glide Flare™ Windshield installation experiences lead us to the development of a superior well nut. Factory well nuts are prone to failure after a few uses. Klock Werks Flare™ Nuts are manufactured out of a superior material and have a revolutionary design, including a metal washer molded into the flange to prevent the well nut from pushing through the windshield mounting hole and ending up inside your fairing. In addition, we've added a superior brass threaded insert that tightens the well-nut, but allows for continuous installation and removal. These advantages ensure these are the last set of well nuts you will need for your Road Glide!

METAL WASHER MOLDED INTO FLANGE TO PREVENT WELL NUT FROM PUSHING THROUGH FAIRING

MOLDED FROM SUPERIOR GRADE MATERIAL

SHOULDER MOLDED ON TO BRASS INSERT TO PREVENT PULL THROUGH

DESCRIPTION	PART #	SUG. RETAIL
Flare™ Nuts - pack of 5	2404-0548	\$29.95
